Business men will find it to their interest to patronize the NEWS JOB PRINTING HOUSE. Its supply of the latest and most popular type and office appurtenances render it a favorite with all who try it.

☞ Our local space this morning is surrendered almost wholly to the publication of the Convention proceedings and the majority report of the Committee on Privileges and Elections, in the Robeson county contest between Messrs. Sinclair and McEachin and Norment and McNeill, believing that the public should be fully apprised of the reasons that have actuated the Democratic members of the Convention in the course they have pursued in this case.

LOCAL BRIEFS—

Bosher has opened in connection with his saloon, an eating department. He furnishes soup daily from 11 a. m. to 3 p. m.

All lovers of sweet corn bread should call at Dodd's Corner and buy some of that fresh ground corn meal. See advertisement in another column.

The property advertised by W. R. Pool, Trustee, will take place on the premises Thursday, Sept. 30th, at 12 M. This is a rare opportunity for investment. See advertisement.

The members of the Convention who have failed to have a sitting at Shelburn's photograph gallery are requested by Mr. Shelburn to call at once and have their pictures taken for his group, as he is forming it and only needs a few more of the members to complete it.

The Right Rev. J. T. Holly, col., who was consecrated Missionary Bishop for Hayti, W. I., at the last General Convention of the Protestant Episcopal Church, is expected to arrive in Raleigh on the 1st of October, bringing with him his two sons and another Haytian youth, whom he intends to place at the St. Augustine Normal School in this city.

He will preach in St. Augustine's Chapel next Sunday.

STATE FAIR.—Our people should remember the Richmond and Petersburg Fair; for our neighbors are manifesting a great deal of interest in our approaching Fair. Col. Douglas, Supt. Petersburg R. R; has issued special tickets from Petersburg to Raleigh and return at greatly reduced prices, with coupon for the Fair. The same has been done at Richmond. A delegation has been appointed by the Board of Trade of Richmond, and by the State Fair of Virginia, to visit our Fair, and a special train has been placed at their disposal by the R. & D. R. R. Parties in Montpelia, Vt., have made entries. New York, Ohio, Pennsylvania, Georgia, Maryland and several other Northern and Southern States will be well represented. From all parts of the State we hear the people are making unusual preparations. Our citizens must be prepared to extend to the strangers a hearty welcome.

AN EYE TO BOTH THE USEFUL AND ORNAMENTAL.—Capt. A. B. Andrews, Superintendent of the R. & G Railroad, has an eye to the beautiful as well as the ornamental. Under his supervision new and elegantly furnished passenger coaches, with all the modern improvements, have been built and placed upon the road and others are in process of construction at the company's shops. This road now has upon it coaches unsurpassed for elegance and comfort by any other in the South.

The ordinance in regard to the Public School Fund, (published by us yesterday,) came up on its third reading.

Mr. Bowman moved to lay the ordinance on the table. Lost by a vote of 23 to 83.

Mr. Avery moved an amendment that the moneys obtained from the fines in the different counties be used as a distributive instead of an irreducible fund. Lost.

The ordinance then passed its third and last reading by 82 to 27.

Mr. Avery moved to reconsider the vote by which the ordinance passed its third reading, stating that the bill did not meet the wishes of the people of the West, and he thought a medium might be reached that would suit all parties.

This motion was postponed until Friday next at 12 o'clock.

After some discussion, on motion of Mr. Barringer, it was recommitted to the Committee on Bill of Rights, in order to be made more positive in its character.

Mr. Bowman moved to reconsider the vote by which the resolution in relation to the registration of voters was tabled. Prevailed, and recommitted to the Committee on Suffrage and Eligibility.

THE ROBESON COUNTY CONTEST.

The resolution to seat R. M. Norment and Neill McNeill, as delegates from Robeson county, was considered as special order—the Committee having reported adversely upon the resolution.

Mr. Jarvis, dem., offered a resolution, that the resolution and majority reports be recommitted to the Committee on Privileges and Elections, with instructions that the Committee adopt rules and regulations for its government in deciding on all cases of contested elections that may be referred to it, and that said Committee is hereby empowered in the investigation of any such contest, to send for persons and papers and to appoint one or more commissioners to take testimony, who shall have the power to administer oaths. And that the acting Chairman of said Committee, in any such investigation, shall have power to administer oaths. That the refusal of any person, appearing as a witness before said Committee or before any commission appointed by said Committee, to answer any question propounded in the course of any investigation had by virtue hereof, shall be guilty of contempt of this Convention.

Mr. Buxton, rep., opposed any further delay in this matter. Time enough had been given to have the whole question fully examined into, and he hoped the course asked would not be taken, in justice to the contestants and to all parties concerned. If this question was recommitted to the Committee the Convention would adjourn before any report could be obtained.

Mr. Manix, rep., moved that M. Norment, one of the contestants, should be granted a hearing upon this floor.

Mr. Jarvis advocated the passage of his resolution. There were gentlemen upon this floor who wanted to have the whole matter thoroughly investigated. The contestants themselves had not even alleged that they had obtained a majority of the legal votes of Robeson county, and he could not see why two members should be unseated without sufficient evidence, any more than the two contestants should be seated without the same evidence being produced. The simple fact that the seating and unseating of the parties to the contest would change the whole political complexion of the Convention should not be allowed to control this body. The fact of doing justice to all parties should be the paramount object to be obtained, and he hoped his resolution would be passed, as the whole matter could be investigated within a week.

Mr. Chamberlain, rep., opposed the resolution to recommit, and argued this question at some length.

Mr. Barringer, rep., claimed it was the duty of the gentlemen holding the certificates of election to have given notice that they intended to claim that Messrs. Norment and Neil had received illegal votes. He would warn the Democrats upon the floor against taking such a revolutionary course as were proposed.

Mr. Manning, of Chatham, declared had an abiding trust in the people of North Carolina, and he did not think this people could be driven to an unjust conclusion. He thought the people would approve the action of the committee. A party contesting must show beyond all questions at they are entitled to seats; standing upon strict law, the contestants had no claims whatever before this convention. The contestants had not complied with the law, and the present incumbents were fully entitled to their seats until the contestant had shown legally their title to the seats. The committee on Privileges and Elections had a right to examine the evidence to the fullest extent. He claimed that the Commissioners had a right to decide upon the returns made to them, as they deemed fully so, and the only way to ascertain the real facts in the case was to adopt the resolution to recommit.

Mr. Albertson, rep., said the question to be considered was who should have received the certificates, and not who did receive them. He claimed the Commissioners have none power to revise the returns of the poll-keepers, but only to add up the returns and issue the certificates on the result thus obtained.

Mr. Withers, dem., said the contestants did not claim that the Commissioners of Robeson county had acted wrongfully, but that they had received the largest number of votes, and he could see no other course to be pursued than to investigate the matter legally and to see who were entitled, under the actual legal votes cast, to the seats upon this floor. The contestants had filed no evidence which could be considered as testimony. There was no general law governing in contested cases, and the Committee should have special power to control them in such cases. He would not deny to either party the right to examine with alleged frauds. The question should be decided without any party bias, and without regard as to which party might be benefitted thereby, but upon the principle of right to all parties interested.

Mr. Barringer, rep., offered a substitute declaring the seats of the members from Robeson vacant until the question shall be decided, and that the Convention shall take a recess until the matter shall be investigated by the Committee.

Messrs. Jarvis and Tourgee again briefly argued their respective sides of the question.

Mr. Tourgee, rep., argued at some length in advocacy of the resolution of Mr. Buxton and opposed the motion of Mr. Jarvis to recommit.

Mr. Clingman, dem., advocated briefly the motion to recommit, when the previous question was ordered.

Then commenced a scene of filibustering on the part of the Republican side of the House on motions to adjourn and appeals from the ruling of the Chair, which lasted until 6 o'clock, at which time the Republican members absented themselves almost in a body from the hall, in order to prevent a quorum.

The Convention refusing to adjourn, Mr Badger (who had remained in the hall,) called the ayes and nays, which call not being sustained, the motion of Mr Jarvis to recommit the whole question to the Committee, with instructions, was adopted.

The Convention then adjourned until 10 o'clock to morrow.

THE ROBESON COUNTY SEATS.

Report of the Select Committee on the Robeson County Contested Election Case.

The Robeson county contested case came up yesterday before the Convention as special order at 12 o'clock, and on motion of Mr. Jarvis, was recommitted to the Committee on Privileges and Elections.

The following is the resolution introduced by Mr. Buxton, of Cumberland, and the majority report of the Committee:

WHEREAS, It appears from the certified copies of the returns of the judges of election in the county of Robeson, now on file, that a majority of the legal votes in said county for delegates to the Constitutional Convention were cast for R. M. Norment and Neill McNeill; therefore,

Resolved, That said R. M. Norment and Neil McNeil are hereby declared to be the legally elected delegates from Robeson county in this Convention, and that on taking and subscribing to the oath required by the act of Assembly calling this Covention, that they be admitted as such delegates, and that the seats of Duncan Sinclair and C. A. McEachin in this Convention, be and they are hereby declared vacated.

THE MAJORITY REPORT.

The majority of the Committee on Privileges and Elections to which was referred Resolution No. 56, hereto attached, respectfully submit to the Convention their report.

The Committee, after due notice to the contestants, and to the incumbents, and after having heard counsel for them, find that on the 10th day of August, 1875, the contestants, R. M. Norment and Neil McNeil, served upon the incumbents a notice of contest as follows, to-wit:

STATE OF NORTH CAROLINA, }
ROBESON COUNTY. }

To Dr. Duncan Sinclair and Calvin A. McEachin, Esqs:

You and each of you will hereby take notice, that we and each of us, will appear at the Capitol, in the city of Raleigh, and claim our right to sit as delegates representing the county of Robeson in a Convention of the State of North Carolina, to be held on the 6th of September next, by virtue of an election held according to law on Thursday, the 5th day of August instant, pursuant to an act of the General Assembly of 1874-'75. And will then and there contest your right and the right of either of you, to sit as members of said Convention, notwithstanding your certificates of election thereto, for the reasons,

I. That we have received a majority of the votes cast by the voters of Robeson county for delegates to said Convention.

II. That the County Commissioners of Robeson county assembled on the 7th day of August instant. (Saturday after the election,) refused to adjourn until the following Tuesday at 12 o'clock M., for the purpose of allowing further time for the judges of election of Lumber Bridge, Blue Springs, Burnt Swamp, and Britt's townships, to make their returns.

III. That the Board of Commissioners of Robeson county refused to count the vote of Lumber Bridge, Blue Springs, Burnt Swamp and Britt's townships, notwithstanding the same had been certified to them by the judges of election of said townships before 3 o'clock P. M., on Saturday, 7th day of August, 1875.

IV. That the order justifying the issue of certificates to you by the Board of Commissioners of Robeson county, to-wit: "The poll books from Lumber Bridge, Blue Springs, Burnt Swamp and Britt's townships, not having been returned as the law requires, and the election returns from said precincts showing no vote had been cast in either precinct, it is therefore adjudged and ordered by this Board unanimously that the returns from said precincts do not be counted," is not true in fact, contradictory in terms, and does not furnish a sufficient excuse for the action of the Board in wrongfully and willfully refusing to count the vote of said precincts, or extend the time as provided by law for the judges of election at said precincts to certify their poll books.

R. M. NORMENT,
NEILL MCNEILL.

Lumberton, N. C., August 9th, A. D. 1875.

That on the 15th day of September, 1875, the incumbents appeared before the Committee, being the day appointed by the notice of Committee, and responded to the notice of contest, by their answer, as follows, to-wit:

The answer of Duncan Sinclair, a delegate in the Convention, from the county of Robeson, to the notice served upon him by R. M. Norment and Neill McNeill, claiming to contest the right of respondent to a seat in said Convention.

Respondent answering, says:

I. That the said notice is in substance and form and in all respects insufficient for the purposes contemplated by it; for that

1st. If it shall be held that the statutory law of North Carolina, regulating contested elections in the General Assembly is applicable in this behalf, the notice of contest is not sufficient, being less than thirty days; and respondent avers that said notice of contest was less than thirty days.

2d. The said notice does not specify and set forth with reasonable certainty any ground or grounds upon which it is proposed to make such contest; it does not aver the particular ground upon which it is claimed the election of respondent was illegal; nor does it set forth how any right of said contestants, or either of them in the matter of the election referred to, was at any time or place, or by any person or persons acting in any official capacity or otherwise denied, abridged or in any manner ignored.

II. And further answering, respondent denies that said contestants, or either of them, at the said election, received a majority of the legal votes cast by the voters of Robeson county.

III. Respondent denies that there was any ground in law or fact which made it the duty of the County Commissioners of the said county of Robeson to adjourn their sitting from Saturday, the 7th day of August last past, until 12 o'clock of Tuesday next following, as alleged in the second paragraph of the said notice.

IV. Resdondent denies that the said County Commissioners refused to count any lawful vote duly certified to them by proper officers from the several precincts mentioned and specified in paragraph three of the said notice at the time and on the day therein specified.

V. Respondent further answering, says that the said County Commissioners at the time and place specified as aforesaid, had full and complete jurisdiction to receive the returns from the several voting precincts in the said county of Robeson, of the vote cast for delegates to the Convention, on the 5th day of August last, and to consider and pass upon the same; and to make the order made by them in that behalf; and the said order however made, was within their jurisdiction, and valid to all intents and purposes.

VI. Respondent, by way of further answer, says and avers, that the said contestants nor either of them did receive a majority of the legal votes at the election for delegates to the Convention, held in the county of Robeson as aforesaid.

That at Burnt Swamp precinct, in said county, at said election, there were cast for contestants and each of them thirty and more illegal votes, that is to say, thirty and more votes cast by persons who had not been residents of said county for the time prescribed by law.

That at Smith's precinct, in said county, at the election aforesaid, there were cast for contestants twenty and more illegal votes, that is to say, twenty and more votes cast by persons who had not been residents of said county for the time prescribed by law.

That at Lumber Bridge precinct, in said county, at said election, there were cast for said contestants and each of them thirty-five and more illegal votes, that is to say, thirty-five and more votes cast by persons who had not been residents of said county for the time prescribed by law.

VII. And for a further answer, respondent says that at Burnt Swamp precinct there were cast thirty and more ballots more than there were names of electors borne on the registration books of said precinct. And respondent insists and avers that the election held at that precinct was illegal, null and void.

VIII. And respondent avers that the election, held as aforesaid at Burnt Swamp precinct; at Smith's precinct; at Britt's township and Blue Spring precinct, in said county, was undue, irregular, illegal and void.

IX. And respondent avers and says, that it is not competent for the said R. M. Norment and the said Neill McNeill, or either of them, to contest the said election of this respondent, because he says that at the time of the said election they were, and ever since have been, and now are, members of the General Assembly of the State of North Carolina, from the county of Robeson, and are ineligible to be voted for and to hold a seat as a delegate in said Convention.

[Signed] DUNCAN SINCLAIR.

Sept. 16, 1875.

The answer of Galvin A. McEachin, a Delegate to the Constitutional Convention from Robeson county, to the notice of R. M. Norment and Neill McNeill, contesting his seat as such Delegate:

Calvin A. McEachin adopts the answer of Duncan Sinclair in this behalf, and prays the Committee to consider the same as fully as if the same were therein set forth in extenso.

C. A. MCEACHIN.

The Committee find that the notice of the contestants presents for consideration, as issue:

1st. Did the contestants receive a majority of the legal votes of Robeson county?

2d. Did the returning board of said county improperly give certificates of election to the incumbents, by failing to observe the provisions of law prescribing its duty?

That the answer of the incumbents presents for consideration as issues:

1st. Had the legal notice of thirty days been given?

2d. Did the incumbents receive a majority of all the legal votes cast in said county?

3rd. Were eighty-five illegal votes cast for contestants at Burnt Swamp, Smith's, Britt's and Blue Spring precincts?

4th. Were thirty ballots more than the number of registered voters of Burnt Swamp precinct counted?

5th. Was the election held at Burnt Swamp, Smith's, Britt's and Blue Spring precincts illegal, irregular and void?

The Committee find other issues, raised by the answer, as to the sufficiency of the notice of contestants, but the Committee being of opinion that all technical questions raised by the contestants' notice and the incumbents' answer, were of minor importance, compared with the main issue presented by both the contestants and incumbents, viz: "Who received a majority of the legal votes of Robeson county?" addressed themselves to the consideration of that issue, the only material one in cases of this kind, in a government resting for support upon the popular will as expressed at the ballot box.

No evidence was submitted by contestants for consideration of the Committee, except the paper filed with the Associate Justice, who presided at the organization of the Convention, as the certificate of election of the contestants, which paper the said Justice refused to recognize as a proper certificate, and admitted the present incumbents upon the certificate of the sheriff of Robeson county.—The said paper, filed by the contestants, purporting to be a copy of the returns of the judges of election of Robeson county, under the certificate of the Register of said county, with his seal attached is hereto attached and maked exhibit "K."

A majority of the Committee are of opinion that said certificate is not proper or competent evidence, because the poll books, registration books and the original returns of the judges of election, alone would enable the Committee to decide said issue, after comparing them with each other, and that they are not records, copies of which are made evidence upon certificate of the Register.

A majority of the Committee are of opinion that the incumbents were entitled to reasonable time to take evidence to prove that illegal votes were cast for the contestants, if the notice of contestants was sufficient and duly given; but if the other issues, technical in character, touching the sufficiency of the notice in regard to time, matters of form and substance are to be governed by the statute regulating contested elections in the General Assemtly, then neither the contestants nor incumbents have observed the rules prescribed by said act: the said statute requiring contestants to give thirty days notice, with the grounds thereof specifically stated, and requiring a like notice of the incumbent. The Legislature in the Convention Act, did not provide any rules for contested elections, and there is no law governing this case except the general parliamentary law inherent in all legal assemblies, to purge themselves. And a majority of the Committee are of opinion that the Convention must establish its own rules and regulations, or by proper action authorize and empower the Committee to make such rules and regulations as will enable the Committee to compel the attendance of witnesses, and the production of the poll books, the registration books and other papers before the Committee, so as to enable the Committee to decide this case according to its merits, and to ascertain whether the contestants or incumbents received a majority of the legal votes of said county.

The incumbents insist that the Commissioners, in performing the duties of a Returning Board, were clothed with judicial power and vested with a discretion, and in this view a majority of the Committee concur to this extent: That it is the duty of the Commissioners to compare the certified lists of the votes cast with the poll and registration books in order to ascertain the true result of the election.

If this is not the true construction, then by withholding these books more votes might be returned than were cast or registered in any township, and the Judges' returns would be final in all contested elections if incumbents are not permitted to introduce, as evidence, these books to contradict and disprove them; and thus the popular will would be defeated as is alleged by the incumbents, in regard to the return of Burnt Swamp precinct. A majority of the Committee are of the opinion that the certificate filed by the incumbents is such as is required by law in every respect, and establishes *prima facie* the right of the said incumbents to the seats now occupied by them, and that the contestants, who allege that they received a majority of the legal votes cast at said election and charge illegal conduct of the Returning Board in not counting the returns from Lumber Bridge, Blue Springs, Burnt Swamp and Britt's precincts, should produce in evidence the poll books and registration books of said precincts, with the original returns, in order the Committee may make a comparison of the same and ascertain the true result.

The contestants insisted before the Committee that the incumbents had not exercised due diligence in giving contestants notice of the illegal votes, &c., alleged in answer, and had lost their right to offer evidence to establish the same, but the Committee are of opinion that the reply of the incumbents, that the application of the contestants to establish their rights before another tribunal and their failure, and the fact that there was no law providing for contested elections in this Convention, and the failure of the contestants give thirty days notice, as prescribed in the statute regulating contest in the General Assembly, if that act was to govern this case, was an explanation sufficient to remove the allegations of negligence, and that the incumbents are now entitled to produce evidence of the illegal votes alleged in the answer, upon proof by contestants rebutting the *prima facie* right of incumbents to the seats.

A majority of the Committee, anxious to decide this case upon the merits, and doubtful of their authority to frame rules which will secure the result, respectfully ask the Convention to make such order as to them may seem right and proper and as justice may require.

In the absence of such order, and upon the facts before the Committee, without competent and sufficient evidence of the right of contestants to the seats of the incumbents in this Convention, a majority of the Committee recommend that the resolution ousting the incumbents and seating the contestants do not pass.

JOHN MANNING,
A. C. AVERY,
E. B. WITHERS,
F. C. ROBBINS,
B. H. BUNN.

HEAVY FILLIBUSTERING.—We have seldom seen more genuine filibustering and a determination to prevent the action of any body than was exhibited yesterday in the Convention when it was desired to obtain a vote upon the Robeson county matter. The Rads swore in their wrath the vote should not be taken, but the Democrats set them out until a quarter past 4, when the Rads, in one of their fits, left the hall in a body in order to prevent a quorum. In doing this, however, they slipped up, for Mr. Badger was left alone to hold the lines and run the Democratic members, but when he called the ayes and noes he could not "cluck" in his party friends in time—they had gone off to "wet up their whistles," we opine—and the bill was passed *unanimously* while Mr. Badger was in vain beckoning the door-keeper to "drive in" his followers. And now the matter is to have a full hearing before the Committee.

"WHAT'S UP?"—Keogh, of Wisconsin, the Chairman of the Executive Committee of the Republican party of North Carolina, Cannady, Mayor of Wilmington, (from God only knows where) Mabson, col., of Wilmington, Friday Jones and a number of other Radical lights are in the city for some devilment as yet unknown to the reporter. It is highly probable that the Robeson county contest drew them hither, that is if we are permitted to judge by the hang-dog countenances they wore yesterday evening after the adjournment of the Convention. That this "band of brothers" in the hands of civil rights, negro equality, &c., are here for the purpose of concocting some evil design upon the people, there is no reason to doubt. Watch 'em and "whip 'em agin" say we.

PERSONAL.—We had the pleasure of seeing in our office yesterday, R. M. Furman, Esq., 'friend Bob," of the Asheville *Citizen*, who is at present sojourning in our midst. Bob retains his old good looks, and is looking as cheerful as ever.

Senator M. W. Ransom was in the city yesterday, stopping at the Yarboro. His many friends will be glad to learn that his estimable lady, who has been sick for some time past at Buffalo Springs, is convalescing, and is sufficiently well to be removed to Kittrells, where she will remain until November.

Walter A. Montgomery, Esq., formerly a prominent lawyer of Warren county, and now a resident of Memphis, Tenn., is registered at the Yarboro House. Mr. Montgomery was prominently mentioned at the last Democratic State Covention for the position of Attorney General of the State, but positively declined in favor of Judge Shipp, who received the nomination. We are glad to know that he is meeting with that success in his new home that his sterling abilities merit.

POOLE & HUNT, of Baltimore, whose reputation as Founders and Machinists have become national within the past twenty-five years, appears elsewhere in our columns in an advertisement of their well-known and highly regarded Jas. Leffel Turbine Water Wheel, as well as in enumeration of various other lines of their manufacture. We invite, for this firm, the favorable consideration of those of our readers who may be in need of anything in their line; their machinery, wherever used, best speaking for itself as regards quality, durability and capacity for the work designed. Send for their circulars before purchasing elsewhere.

THE PACK THAT KILLS.—"It is the pace that kills." People who live fast get off rapidly. Nothing wears out the constitution like dissipation and late hours. Hygeia goddess of health, bitterly revenges herself upon all who break her laws, not alone those who do so wantonly, but even those who are compelled by hard necessity to toil and stint over work, says the physical straw are with no less certainty, if less rapidly, than dissipated habits. There is, however, an antiseptic which, so far as it is in the power of medicine to retard the wear and tear of the system thus ascertained, achieves that object most successfully. This preservative is Hostetter's Stomach Bitters, a vitalizing agent without a peer. Premature decay, whether it be the result of inherent weakness, hard work, continuous anxiety, dissipation or disease, is stayed in its withering career, and the exhausted and shattered system powerfully reinforced by this genial restorative.

Notice to Correspondents.

No letter can be published in these columns which is not authenticated by the name of its author. This we require, not for publication, but as a guarantee of the good faith of correspondents. Persons who violate this rule will have their communications consigned to the waste-basket.

THE WEEKLY NEWS is the cheapest paper published in North Carolina. It is only *one dollar* per year, postage paid, contains 32 columns of plain printed news from every section of the country, and important advertisements. *Always Cash.*

THE *Herald* says "Mr." Thomas Settle, of North Carolina, is at present sojourning at the Fifth Avenue Hotel. Is the *Herald* stripping the Judge of his title to prepare him for a higher one?

THE Convention is coming back to the good old mode of the rotation of Judges. We wish they would go farther, and provide for their election by the Legislature. Whatever may be said about the rights of the people, this is one they will consent to yield. Up to the Constitution of 1868, they exercised it through their representatives, and they found the good of it. They were never cursed with a corrupt Judge or a political Judge. The innovation worked so badly that they can hardly wish to retain it. Their interests in the protection of life and property far outweigh the consideration of a desire to retain an abstract right, carrying with it, in this case, only the weight of danger.

Let the Convention then restore to the Legislature a power which will be exercised with far more judgment and deliberation than in the heated struggles of District Conventions.

THE PUBLIC SCHOOLS.

The action of the Convention on Monday has settled a vexed question by most emphatic expression of sentiment. We are glad to see that all the Republicans, with the exception of three, went with the whole body of the Democrats in passing an ordinance forever separating the races in the reception of the benefits of education. All felt the importance of ample provisions for the public schools, and nearly all saw the necessity of removing a standing fear which has all along stood in the way of success.

The disposition of the people of the State to make full provision for the colored race has been amply proved. But the determination to allow the same privileges to the colored as to the white was accompanied with an equal determination to preserve the privileges distinct, even at the sacrifice of the destruction of the whole.

The ordinance will go to the people for ratification at the proper time.

THE PUBLIC ROADS.

We like Mr. Avery's ordinance to have the public roads worked by taxation. It is exactly in accordance with ideas entertained and expressed by us for years past. The country, off from the railroads, will always remain at a disadvantage if dependent upon such a road system as now prevails. When the cost of carriage is reduced by the diminished capacity of transportation, it will be impossible for the farmer at a distance to compete with one living on a railroad. He gets as much in market for his produce as the others, but he has paid on it in loss of time, in small loads, in wear and tear of wagons and teams, a taxation twice as much as would be levied by the State or the county to make good county roads, which would enable him to carry double loads, make quicker trips, save his horses and enlarge his time for improvements on his farm. The country will never improve as it ought unless its facilities of transportation are increased. Good roads are a good test of civilization. But they never will be had when they are left to voluntary effort.

Mr. L. W. Polk, a Chicago sculptor, has a new statute of Stephen A. Douglass nearly finished, which is said to be different from those previously executed by him, all the copies of which, with a single exception, were destroyed by fire.

OUR LIVING AND OUR DEAD.

The October number is before us and is still an improvement on its predecessors. We wish we had space to note the great amount of interesting matter contained in the number, but space forbids it.

We must thank the publishers for the publication of so much of Gen. Clingman's address at Sewannee; we wish he could have introduced it all. Enough is given, however, to stimulate the desire of the reader to see the whole, and enable him to form an opinion of its exquisite merits. Gen. Clingman overflows with classical allusions to a degree remarkable in our apparently devoting his whole life to the dry pursuits of law or politics. No student of literature is more full of easy, apt illustration drawn from sources hidden away in the deep recesses of classical lore. His sketches of American oratory are wonderfully interesting, and show an exceedingly nice discrimination of characteristics. Contrasts and special points of excellence are happily drawn.

But we must leave the reader to judge for himself.

We received a letter from a valued correspondent calling our attention to the importance of urging upon the Convention the question of the need of a discrimination on the imposition of taxes as a pre-requisite for voting. Our correspondent seems to be under the impression that it was the intention of the Convention to require the pre-payment of the whole tax, property and poll. Such is not the case.

The poll tax has been assigned to the support of education. Its loose collection has seriously embarrassed that cause. There are few modes by which the collection of a poll tax can be enforced. If it be made a duty, accompanied with a right, there can be little trouble to secure an amount many times greater than now reaches the Public Treasury. No man can complain that he is unjustly treated when he is under some little compulsion to return the protection afforded him by government. Taxes are not hardships if weighed against the procurement of good laws, of public peace, of good order, of settled society, none of which can be obtained without governmental organization. And this organization cannot be obtained without taxation, and the enforcement of taxation must have proper instrumentality. Certainly it is no discrimination against any class that in the collection of a tax, the one providing for the common enlightenment of the people should be secured by something, which may be a power, but cannot be considered a penalty.

HAZING.

Of late years an old time practice of college boys to greet the new arrivals with noisy demonstrations and rough practical jokes, has passed into something far beyond the regions of sport. They have degenerated into riotous saturnalia which end in crime. It is an epidemic which has spread from College to College, invading with disgraceful, often fatal violence, the Seminaries of sacred learning and the schools of Military art. It has gone on from one degree of excess to another until in several instances it has demanded the stern interposition of the General Government, in others found itself confronted by the presence of the civil authorities.

This is the point it is destined to reach. Young men seem to labor under the error that youthful frolic carried out in purposes of sport, however violative of personal right, must meet the indulgence of public opinion. But the youth is no less the criminal who, in sport injures limb, or takes away life, than he who deliberately plots violence, or yields to the rage of passion.

Many instances of this detestable practice have brought the participators into the provinces of the law. Life has been taken, bodily injury inflicted, or personal dignity shamefully degraded.

We copy an account of a recent instance for the benefit of our young readers, to show them that they are not above the law and there is a growing tendency to withdraw the tenderness hitherto expressed for youthful excesses:

HAZING AT LAFAYETTE—OUTRAGEOUS TREATMENT OF FRESHMEN BY THE SOPHOMORES—A NUMBER OF THE LATTER EXPELLED—ACTION OF THE FACULTY AND OF THE STUDENTS.

EASTON, Pa. Sept. 10 '75.

On Monday night the Sophomore class of Lafayette College, numbering seventy-five, turned out in masks and white gowns, with torches, for a regular "horn spree." They paraded the college campus and the streets of College Hill with diabolical noise, for some time, after they entered the old college building and the several halls, hunting for freshmen. The doors of the rooms of Professors Hart, Owens, Baker and Stillman were broken open, as were also the doors of a number of freshmen, not only in the college building, but out in the town. The freshmen were dragged from their beds and submitted to the greatest indignities. The faculty made a descent and captured four students, two of them in the act of depredation. On Tuesday, these four—E. E. Hoyt, Kingston, Pa.; J. E Durham, Dewalt, Pa.; Charles Newton, Nicholson, Pa., and Horace Ayres, Allasmuchy, N. J.—were "indefinitely suspended." Newton and Ayres left for home, but the other two remained until yesterday morning, when they were taken to the depot in a barouche, drawn by four white horses escorted by the Easton Cornet Band and the whole sophomore class. The procession passed through the principal streets, causing great excitement. At the Circle they were cheered by a crowd of students assembled, and the cheers were returned. At the depot several college songs were sung and the band played "The Girl I Left Behind Me," and "Home, Sweet Home."

The class adopted and handed the faculty a letter, in which they asked the same treatment as was given the suspended men. The faculty is in session to-day.

SUSPENDING THE WHOLE CLASS

as fast as they can be heard. The action of the class was severely denounced in the *Free Press* of last night, and receives general condemnation from the public. There seems to be little feeling on the subject in the other classes, though it is the absorbing subject of conversation. The conduct of President Cattell and the faculty in dealing summarily with the offenders is unanimously approved, and the general opinion is that every participant should have been arrested and punished for the glaring outrage upon the public peace. A son of Governor Hartranft and a son of Cyrus L. Pershing, the democratic nominee for Governor, are members of the sophomore class, and will be handled by the faculty.

At a meeting of the sophomore class held on Wednesday evening, the following letter was adopted and a copy furnished to each of the suspended students, to be given to his parents and friends:—

EASTON, Pa., Sept. 8, '75.

We, the class to which your son belongs, wish to inform you that J. E. Durham is not suspended for any individual offence but for some disturbances made by the class as a body. Therefore, by receiving this, signed by the President and Secretary of the class, you will perceive that he was merely unfortunate enough to be detected as one with the class at the time of the disturbance.

GEORGE V. SHEFFIELD, President.
W. LESLEY SHEAFER, Secretary.

The faculty held a meeting at which, the following minute was adopted, and will be forwarded to the parents of all members of the sophomore class and widely published:—

MEETING OF THE FACULTY.

The minutes of the meeting of the faculty, which was held yesterday, recite the facts of the affair as above stated concluding with the statement that the "Faculty have no doubt that the patrons of the college will wonder at the strange infatuation which has seized upon these young men. It is hoped that such advice will be promptly and fully given from home as will cause the young men to reflect seriously upon the perilous position they have taken in thus combining to resist the government of the college, especially when the faculty are endeavoring to suppress such grave disorders, happily very rare at Lafayette."

[From the Richmond Dispatch.]

North Carolina and Virginia—How to Strengthen the ties Between the Sister Commonwealths—Interesting Letters from Colonel W. C. Knight and Colonel T. M. Holt, President of the State Agricultural Societies.

OFFICE OF THE VIRGINIA STATE AGRICULTURAL SOCIETY,
RICHMOND, VA., Sep. 22, 1875.

Editors of Dispatch: I commend the accompanying letter from Colonel T. M. Holt, president of the North Carolina State Agricultural Society, to the people of Richmond and of the State. We well know the importance of business relations with the people of North Carolina, and no opportunity should be left unused for properly cultivating those relations.

Richmond, Petersburg, Norfolk, and Danville afford markets the most convenient and congenial to the people of the "Old North State," and social and political relations make the bond all the stronger. It is hoped that our people will meet this overture of the President of the North Carolina Society, and make the Raleigh fair, on the 12th of October, the occasion when much shall be accomplished towards cementing the ties which should bind them to the people of a sister Commonwealth. Our own State Fair will be largely attended from North Carolina, as I have occasion to know from letters received at the office of this Society, and there should be no lack on our part of a reciprocal interest.

I will use the opportunity to say that there never was a time when the prospects for a grand exhibition under the auspices of our own Society were better than now. The people of Richmond must prepare themselves for the largest concourse of visitors ever seen in the city, and I trust that a personal interest will be felt by every citizen, and that this interest will be manifested in every way which can contribute to a grand success.

W. C. KNIGHT,
President State Agricultural Society.

23d. I see by the morning papers that the Richmond Chamber of Commerce has appointed a delegation to represent the trade at the North Carolina State Fair, and I will enlarge the delegation already appointed on the part of the Agricultural Society, and arrangements will be made with the Richmond and Danville Railroad for special transportation of the united delegations.

N. C. AGRICULTURAL SOCIETY,
Raleigh, N. C., Sept. 21, 1875.

Col. W. C. Knight, President:

Dear Sir:—I spent a very pleasant time at your Fair last fall. I now write to give you a special invitation to be with us the 12th of October next.

Richmond is largely patronized by North Carolina in every branch of trade, and I think it would be well for her citizens, manufacturers, merchants, &c., to visit our fair and mingle with our people, and exhibit specimens of their work. I have no doubt it would be profitable to all.

If you have the time, and it is not asking too much at your hands, I would take it as an especial favor if you would see your engine builders, manufacturers of implements, &c., and induce them to exhibit. Our prospects are very fine. The indications are we will have a better fair than was ever held in the State. Our farmers are becoming interested in agricultural machinery.

With the best wishes for the prosperity of your fair; I remain yours, very truly,

T. M. HOLT, President.

Col. Knight has appointed a delegation on the part of the Virginia State Agricultural Society in addition to the appointments made by the Executive Committee of the Society, so that the entire delegation from Virginia to the North Carolina fair, including the appointments made by the President of the Chamber of Commerce, is as follows:

Appointed by the Executive Committee.—W. C. Knight, E. G. Leigh, Dr. S. P. Moore, General Robert Ransom.

Appointed by Colonel Knight.—W. T. Sutherlin, Danville; L. E. Harvie, Amelia; General W. H. F. Lee, Fairfax; A. H. Drewry, Westover; Robert Beverley, Warrenton; R. W. N. Noland, Loudoun; F. G. Ruffin, Chesterfield; Professor Elzey, Blacksburg; George W. Palmer, Saltville; Ed. Dromgoole, Brunswick; Dr. R. E. Haskins, Brunswick; Joseph Cloyd, Giles; R. L. Ragland, Halifax; Dr. R. Epes, Prince George; Judge W. H. Mann, Nottoway; General John Echols, Augusta.

Appointed by the Chamber of Commerce.—R. E. Blankenship, Thomas Branch, George S. Palmer, E. O. Nolting, Andrew L. Ellett, James H. Dooley, Walter K. Martin, P. H. Starke, L. H. Frayser, Joseph Hall, Peyton Wise, John B. Purcell, Chales U. Williams, James W. Allison, Robert S. Archer, George Lee.

The delegation appointed by Colonel Knight is to leave Richmond about the 12th of October. Special arrangements for their transportation have been made with the Danville Railroad Company.

The Condition of Affairs at Fall River, Mass.

In view of the fact that a portion of the operatives at Fall River have resumed work, and some of the factories opened again on Monday, the following brief explanation of the recent strike among the workmen and its effect will be found interesting:

"There are thirty thousand people in Fall River, Mass. One-half of those, fifteen thousand, are mill operatives who have been on a strike for six weeks. Winter is at hand, and much suffering is anticipated. Men and women, boys and girls, haunt the streets haggard and pale, and exhibiting already the pinching effects of want. The strike began because the mill owners proposed to reduce wages ten per cent. This was resisted. Now the operatives are ready to resume, but the mill owners are not. The stock of goods is large and, owing to the highness of money and the general prostration of trade, orders are few, and to go on producing without finding consumers, is not an encouraging prospect. Had not the strike occurred, work would still be in progress, but the manufacturers have found the pause more advantageous than going on, and now they are on a strike." The outlook is very bad for the poor operatives."

A meeting of Baltimore workmen employed in repairing the United States steamer Tallapoosa was held on Saturday, and steps taken to prosecute their claim against the Government for overwork, at the rate of two hours per day. The claims aggregate about $10,000.

Miss Ida Lewis, a heroine of Lime Rock, who has saved so many men from a watery grave, shows more ability in getting than in keeping persons of the male sex. It seems she has been married and divorced; being like the Lorelie morally, but not like that nymph of the Rhine in liking to see men physically go under the waves.

Bellefontaine Tragedy—A Wife's Testimony Against her Husband.

CINCINNATI, Sept. 24.—A Bellefontaine special says Mrs. Schell, wife of Miss Laughlin, was arrested yesterday for the murder of Miss Laughlin, was arraigned on Friday and testified before the Coroner that her husband had told her he intended to ravish Miss Laughlin and kill her afterwards; that he had made up his mind on Thursday was planned for that purpose, and that her husband had threatened to kill her if she would not help him when he went into the room with Miss Laughlin. She testified that he returned in about two hours, and said that Miss Laughlin fought so hard he did not succeed in ravishing her, although after he had stabbed her he said "Don't kill me, Jim; I don't care any more," but he feared she would recover, and killed her. He also said to kill his wife if she should tell it. Mrs Schell also testified to other crimes committed by her husband. The affair caused the most intense excitement. Business is suspended, and it is reported several lynchings of the surrounding citizens are coming into Bellefontaine to-night, determined to lynch the murderer. Many wagon loads have already arrived. The sheriff has summoned a strong posse, who are guarding the jail, but trouble is expected before morning.

SCHELL LYNCHED.

CINCINNATI, Sept. 24.—About three o'clock this morning a mob attacked the jail at Bellefontaine, Ohio, about half-past two o'clock to-night, battered down the doors, dragged Schell out and hung him to a tree. The guards made no resistance. Schell protested his innocence of the crime.

Fifty years ago, this month, the first train of vehicles was drawn by a locomotive over a road open to the public. This was at Darlington, in England, and George Stephenson was engineer, both of the road and of the locomotive. It was the beginning of railroading, and a semi-centennial was had at Darlington on the 27th. The little line then opened has since been absorbed into the North-eastern Railway of England, an immense corporation, whose capitals is £50,000,000, or equal to that of our whole Pacific Railway, and even is surpassed by three other British railways. The railways of the world have all created within fifty years. The United States have laid the most length in that time, and about as much as all the rest of the world put together. The cost and manner of building has been the most magnificent in England, where the percentage of net returns and gross earnings to cost is less than with us.
